

How can I help my child with Learning Disabilities?

Eight ways to help:

- 1. Recognize your child's strengths and weaknesses.**
- 2. Allow your child to use the technological tools of today.**
- 3. Build upon your child's ability to communicate.**
- 4. Have realistic expectations.**
- 5. Build upon their weaknesses through their strengths and interests.**
- 6. Break down learning into success-oriented steps.**
- 7. Review, review and review.**
- 8. Bless your child daily with words and touch.**
